

Project:

Scepter 24" Bath Bar

SKU: 3962.01

These fixtures are made out of brass material using the traditional brass casting process and paired with simple white cased glass. Scepter combines old world processes and new technology. Scepter bath bars and sconces deliver beautifully distributed LED light as the LED runs through the length of the fixture. Art Deco meets Modern design to create an elegant powerful presence. This collection is available in three bold finishes for a luxurious bathroom. Scepter bath bars can be mounted vertically or horizontally beside or above a mirror.
